

TECHNIGRAPHICS' EMPLOYEE OBTAINS CATIA MASTER CERTIFICATION

July 31, 2008

Wooster, Ohio -- TechniGraphics employee Dave Goerlitz recently archived the certification of CATIA Master, the highest level of recognition within the Dassault Systemes Certified Professional Program. Dave exemplifies the highest standards and superior skills of TechniGraphics employees. In order to qualify to take the exam, Dave was already certified at the Expert Level in all of the certification tasks: Part Design, Assembly Design, and Surface Design. This is the first time that the exam has been offered in the United States and Dave was the only one of eight people taking the exam to become certified.
